Healthy Adults Needed to Participate

What are we studying?
We are looking for participants to help us better understand how the autonomic nervous system in healthy subjects or patients with cardiomyopathy compares to patients that have abnormal heart rhythms. (IRB # 12-000701)

Whom to Contact to Participate
To find out if you are eligible to participate in the study, contact:

Julie M. Sorg, RN, MSN
UCLA Cardiac Arrhythmia Center
100 Medical Plaza
Jsorg@mednet.ucla.edu

To be Eligible for the Study
You should have no major medical problems.
You must also be:

- 18 years or older
- Available for up to 2 hours
- Able to abstain from alcohol / caffeine for 48 hrs
- Able to visit the UCLA campus

What to Expect
You will be asked to undergo non-invasive testing. We will be monitoring your heart rate, respirations, and perform a sweat test.

The Study Includes
- ECG monitoring
- Tilt table test
- Deep Breathing
- A Thermal Image of your upper neck area (non-radiation)
- Body Composition Analysis

Study Participation
The study requires one visit to UCLA. You will be paid a $100 gift card for your participation.

Sponsor
The study is conducted by the UCLA Cardiac Arrhythmia Center. The study is funded by the National Heart, Lung, and Blood Institute (NHLBI).
