WANTED: Healthy Teens
For Research Study at UCLA
Earn $20 per hour for participation

Are you or your child a healthy individual between the ages of 12-19?

The Staglin Music Festival Center for the Assessment and Prevention of Prodromal States (CAPPS) at UCLA is looking for individuals to participate in a study on Memory, Learning, and Perception.

Participants will serve as healthy comparison subjects for a study investigating the learning and memory abilities of adolescents and young adults who have been diagnosed with a thought disorder.

If interested, please call the CAPPS program at (310) 206-3466. A confidential phone screen will be conducted to determine your child’s initial eligibility. Individuals under 18 must have their parents call.

Principal Investigator: Carrie Bearden, Ph.D
