If you are either a healthy individual or an individual who has been diagnosed with obstructive sleep apnea (OSA), and are between 21 and 75 years of age, you may be eligible to participate in a brain MRI/MRS study.

If you choose to participate, you will partake in a 60-minute brain MRI/MRS imaging procedure. No contrast dye will be used.

You will be paid $100 for your participation in the study. There is no fee to participate in the study. The study will pay for the entire 60-minute Brain MRI/MRS exam.

Your participation in this study is entirely voluntary and for research purposes only. If you choose to partake in this study, you can decide to withdraw at any time.
