The National Institute of Allergy and Infectious Diseases (NIAID) is hosting a Small Business Workshop for SBIR/STTR stakeholders in Southern California. Biotechnology entrepreneurs, new faculty, post-doctoral fellows, and all other innovators who are interested in starting new biomedical enterprises are encouraged to attend. This workshop will be joined by representatives from the following programmatic agencies:

**Agenda:**
- Overview of SBIR/STTR programs
- An intro to NIAID administered programs
- SBIR/STTR grant/proposal writing tips
- Navigating the application review process
- Award management resources
- Types of investment sources
- Pitching your business to investors
- Career opportunities supported by NIH
- Update on policies and regulations
- One-on-one sessions with NIH staff

**Sponsored By:**

- Magnify
- CNSI
- Fundamental
