Healthy Volunteers Wanted for Research

Volunteer for medically-supervised research at the UCLA Center for Human Nutrition to study

“Effects of phytonutrients on vascular health and skin in obese males”

YOU MAY BE ELIGIBLE IF YOU ARE:

- Male
- 18-65 years of age
- BMI 30-45
- A non-smoker
- Not allergic to pomegranate or beef

Your participation will last 12 ½ weeks (including screen). There will be 5 clinic visits. Procedures include a clinical assessment of the skin, collection of blood, urine, stool, skin testing and tape stripping of arm, measurement of skin bio-characteristics and UV irradiation. You will be required to remain at the research center for 3.5 hours on 2 separate occasions.

You will be paid up to $450 for your participation.
