More About Adult Outcomes & Childhood Trajectories in Autism from 2 to 26

Dr. Catherine Lord, Ph.D

Professor of Human Development and Psychology
George Tarjan Distinguished Professor of Psychiatry at the Semel Institute of Neuroscience and Human Behavior

Monday September 16th, 2019
11:30am-12:30pm
300 Medical Plaza, Suite 3200, 3rd Floor
Marisa Leif Conference Room,
Los Angeles, CA 90095

Learning Objectives:
1. To describe three common trajectories of development in ASD from early preschool into adulthood.
2. To identify three factors (including characteristics internal to the people with ASD) that predict adult outcomes.
3. To describe several different ways of defining adult outcome in terms of subjective and objective dimensions.

Light snacks & giveaways provided!
All are welcome.
No RSVP is required.
