Apply for an opportunity to pitch your biomedical technology to potential investors!

Opportunity:
- gain experience and knowledge by pitching directly to an audience of potential investors. An idea can be pitched 10 times before an interested investor is found
- get feedback from investors and business experts
- network with investors and industry

Innovation requirements:
- open to all therapeutic areas and health conditions
- open to devices, health IT/wireless, diagnostics and tools
- must address an unmet medical need

Successful applicants will:
- receive extensive hands-on mentoring to develop a pitch deck
- present to a group of selected and interested venture capitalists
- have the opportunity for investment and potential company launch

Eligibility:
- faculty in all series and ranks at the UC campuses (UC Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco, Santa Barbara, and Santa Cruz) are eligible
- project and research scientists and postdoctoral scholars are eligible to submit applications as Co-PI with a faculty PI

"The training sessions with NIH Entrepreneurs-in-Residence provided a business angle that I wasn’t used to incorporating. The mentorship was very beneficial."

Apply November 4-8, 2019 at bit.ly/biomedpitchday
