Job Title: Carbon Neutrality Fellow  
UC Job Title: 4922-STDT 1  

Job Number: req16387  
Work Hours: 5-15 hours a week  
Job Type: limited  
FTE%: 0.15  
Duration: through August 2022  
Work Location: Los Angeles  
Salary Range: 15.00 - 19.25

Job Duties:  
The University of California, a national leader in sustainability, has pledged to become carbon neutral by 2025, becoming the first major university to accomplish this achievement.  
To help UC reach this ambitious goal, UCLA Health will select two UC Presidential Carbon Neutrality Fellows.  
Both fellows will work under the Sustainability Manager for UCLA Health. These fellows will interact together with the UCLA campus CNI fellows throughout the fellowship. Campus fellows will work under the office of UCLA Sustainability. This is the first year CNI fellows have been approved for the health systems. If you are majoring in the health sciences or have an interest in healthcare operations and sustainability please specify on the application.  
In addition to the focus on UCLA, each fellow will participate in a UC system-wide discussion and communication process in collaboration with student representatives on the UC Global Climate Leadership Council (GCLC). Fellows will regularly contribute to the GCLC Student Blog and other student engagement communication platforms. Fellows will also be expected to present at the California Higher Education Sustainability Conference next summer.  
**Limited appointment through August 2022. Limited appointments may convert to career.**

Job Qualifications:  
Graduate students in the health sciences, environmental sciences, engineering, or sustainability preferred.  
Medical students or researchers interest in climate change, healthcare sustainability, health equity, and carbon reduction initiatives preferred.  
Knowledge of UC sustainability policies, the carbon neutrality initiative, and other environmental initiatives.  
Experience working in a healthcare setting. Good written, verbal, and public speaking competencies.
